

# Lesson 16: Project - Make a Recommendation

## Overview

**Question of the Day:** How can I use data to make my own recommendations?

In this lesson, you will design a recommendation engine based on data that you collect and analyze from your classmates.

## Resources

- **Computer Science Practices** - Reflection [▼ Make a Copy](#)
- **Make a Recommendation** - Peer Review [▼ Make a Copy](#)
- **Make a Recommendation** - Rubric [▼ Make a Copy](#)
- **Make a Recommendation** - Project Guide [▼ Make a Copy](#)
- **Make a Recommendation - Student Checklist** [▼ Make a Copy](#)

## Levels

-  1 Sample App
-  2  End-Of-Unit Survey
