Lesson 8: Color LEDs

Overview

In this lesson, you will learn how to access and control the colored LEDs on the Circuit Playground.

Introduced Code

- `colorLeds`

- `colorLeds[i].pulse(interval);`

- `colorLeds[index].blink(interval)`

- `colorLeds[index].color(color)`

- `colorLeds[index].intensity(brightness)`

- `colorLeds[index].on()`

- `colorLeds[index].toggle()`
